Typing your name here is equivalent to a signature.

- Internet Security (SecureIT Plus)* - \$5.95 a month per computer
- Supported Remote Install* - \$19.95 *Includes professional installation of SecureIT Plus and enacts the SecureIT Plus Guarantee. That guarantee is simple. If SecureIT Plus can't fix the problem first, you will receive up to \$100 to correct the security-related issue. Supported remote install fee applies each time SecureIT Plus is installed due to a new PC purchase or re-formatting of an existing system. Residential and small business customers only. SecureIT Plus requires 256Mb of available RAM to operate. Not yet available for Mac users. Your SecureIT installation license will be sent to the e-mail address listed on this application. You must download and install the SecureIT Plus software onto your computer when you receive it via e-mail from ACS, otherwise SecureIT Plus cannot protect/update your computer.
